Dear Dr Tomasz Woźniak,

On behalf of the Forecasting for Social Good initiative and the International Institute of Forecasters, we would like to extend our sincerest appreciation for your participation as an instructor in our recent "Learning Labs" workshop on "Predictive Analyses using R packages bsvars & bsvarSIGNS". Your expertise and knowledge in the field greatly contributed to the success of the workshop.

As a section of the International Institute of Forecasters, the Forecasting for Social Good initiative aims to promote the use of forecasting in creating positive societal benefits and addressing real problems faced by organizations that prioritize the well-being of people and society. Our "Learning Labs" series of workshops provides methodological knowledge on various aspects of forecasting techniques, and we are honoured to have you as a part of our team of instructors.

Your engaging and interactive teaching style was truly a standout feature of the workshop. Your ability to explain complex concepts in an easy-to-understand manner was greatly appreciated by all attendees. The interactive format of the workshop allowed for a productive exchange of ideas and best practices, and your willingness to share your own experiences and insights were highly valuable to all participants.

We are honoured to have had you as an instructor for this workshop and we are grateful for the time and effort you invested in making it a success. Your contributions were instrumental in achieving our goal of promoting the use of forecasting in creating positive societal benefits.

We look forward to the possibility of collaborating with you in the future and thank you again for your support. Your participation in our workshop has made a significant impact on the development and growth of the forecasting community. Your knowledge, expertise and dedication are truly appreciated and valued.

Once again, thank you for your contributions to the workshop. Your participation was instrumental in its success, and we are honoured to have you as a part of our team.

Best regards,

Bahman Rostami-Tabar,
Founder,
Forecasting for Social Good (F4SG),
